

To whom it May Concern:

I am an avid fan of KLOVE radio, I have in the past ten years, listened faithfully to their radio programming and have found it to hold a special place in mine and my families' lives. I have, at one point or another, listened to each of their radio signals in my area, which are FM 88.3, 99.5, & 91.1. KLOVE has proven their dedication to me and my local community by providing family-friendly radio broadcasting as well as offering unique and unmatched inspirational radio hosting. If KLOVE were to be displaced by an LPFM broadcaster, I fear my family and community would lose a truly valuable resource for responsible and moral life guidance, as offered by the broadcasters of KLOVE radio. I believe that the service provided by KLOVE and its affiliates is completely in the public interest as it daily provides a positive and encouraging message to all those who listen. As you well know, in a world full of violent and immoral influences, KLOVE offers a sanctuary and a place of refuge for those looking to make a positive difference in this world. Not only does KLOVE provide moral guidance, it also encourages community service and public responsibility by promoting such practices as voting and supporting local businesses. Please consider the repercussions of removing such a wonderful resource for positive radio. And...Please don't take my KLOVE away! I appreciate your time and consideration. God Bless You & Your Families. A concerned listener, Stacy Cooley
